

BUSINESS OPERATIONS  
SITE AND BUILDING ACCESS

Site and Building Access

A. Site and Building Access

The Executive Director shall make appropriate arrangements to protect Association employees and property.

Copies of the regulations concerning access to the building and grounds shall be issued to all employees.

In addition to observing these regulations, it shall be the responsibility of all employees to act prudently regarding their own safety while on Association property.

B. Security Guards

The Executive Director is authorized to budget for such security guards as is deemed necessary during and out of business hours to safeguard Association employees and property. It shall be the responsibility of each employee to make appropriate use of the guard services.
